BULLETIN

(By United Press.)

Hattiesburg, Miss., Oct. 1.—The Fourth Indiana regiment today became the 139th heavy field artillery, Col. Robert L. Moorehead and staff remaining chiefs of the units. The headquarters company was placed in charge of Capt. John Kiplinger of Rushville, and Capt. E. E. Chenoweth of Winchester, who was former head of the headquarters company becomes regimental adjutant. This is a promotion for Capt. Kiplinger.

Twenty-five men of Company B, recruited at Rushville, Ind., were taken along with Capt. Kiplinger to the headquarters company. First Lieutenant Blackledge was assigned to Battery A, composed of what were formerly Company A of Decatur and Co. B of Rushville.

The regimental infirmary of the old Fourth, which was the sanitary detachment recruited at Rushville, Ind., has been transferred bodily to the new 139th Heavy Field Artillery. It will still be commanded by Maj. N. A. Cary of Crawfordsville, Ind.

(By P. B. STAPP)

(Special to the Daily Republican.)

Camp Shelby, Miss., Oct. 1.—Company A, of Decatur, Ind., was consolidated today with Company B of Rushville, Ind., of the old Fourth Indiana Infantry, to form a battery of the new 63rd Field Artillery Brigade, 139th regiment.

There will be two hundred and twenty-eight men in the battery and the surplus from the two companies will be transferred to other units.

The 139th regiment will consist of seventeen hundred men, on a sixteen hundred basis, mules and six batteries of six-inch Howitzers when filled.

Camp Shelby, Miss., Sept. 27.—(By Mail—Just in time to be roused from its slumbers by the clarion call of the bugle in front of Brigadier General Lewis' headquarters, the first section bearing the first battalion of the Fourth Indiana rolled into Camp Shelby this morning. The men detrained immediately and marched at once to the artillery camp where they were warmly welcomed by Company B of Rushville, Indiana, the advance company of the Fourth Regiment which has been at Camp Shelby since August 22.

The men detrained immediately and marched at once to the artillery camp where they were warmly welcomed by Company B of Rushville, Indiana, the advance company of the Fourth Regiment which has been at Camp Shelby since August 22. The train bearing the second section arrived at 8 o'clock. The third section was slightly delayed and was not expected until late tonight.

The newcomers found their camp site already prepared for them. For the past week Captain Kiplinger's men have worked like beavers in order to have everything in readiness for their comrades who have been at Fort Harrison for the past six weeks. Company streets had been built, an elaborate system of drainage constructed and the grounds thoroughly groomed by the Rushville boys so that the newcomers had but

little to do but pitch their tents.

It was a day of reunion. There was not one of the companies but had friends in Company B and scores of the newcomers as soon as they were settled in their new quarters sought out their old cronies and besieged them with questions on the camp and everything that pertained to it. Mike McCoy, first sergeant of Company B seemed to be made the target for the rapid fire inquiries of most of the men of the sanitary detachment from Rushville who arrived on the first section. The sanitary detachment was broken up into three divisions for the trip down here. Captain McClelland's men were the first to arrive. They got on the job immediately and in the morning, for the first time since their arrival in Camp Shelby the men of Company B can answer sick call and be treated by Indiana doctors. This will prove quite a boon as Captain Kiplinger has had to send the ailing ones requiring medical attention each day over to the Kentucky camp which is half a mile distant.

Company B has been an unusually healthy lot having but few men on sick call each day and there usually only for minor ailments. They have rapidly become acclimated and today when the lads from Fort Harrison fresh from the cool fall weather of the north complained of the heat they were told by the Rushville boys that it was an extraordinarily "cool" day.

Company B has achieved quite a reputation in athletics since coming

WILLIAM SERIGHT, 94 DIES AT MIDNIGHT

**First White Child Born in Anderson
Township Expires at His Home
in Milroy**

HIS MEMORY ALWAYS CLEAR

William Seright, 94 years old, known as the first white child born in Anderson township, died last midnight at his home in Milroy from senility and a complication of diseases. He had been critically ill for some time and death was expected. Mr. Seright had lived in Milroy and Anderson township all his life. His parents settled just south of Milroy and when the country was nothing but a wilderness. He was the first white child born in the township.

For several years he has made his home in Milroy. Mr. Seright always enjoyed telling of his experiences in the early days and his clear memory of these events added interest to their recital. His wife died about a year ago. He is survived by two grandchildren and three great grandchildren. The funeral arrangements have not been completed.

ALBERT WINSHIP IN WRECK

**Riding in Fifth Coach of Train on
Which 22 Were Killed**

Mrs. Albert Winship has received word that her husband, who was in the wreck caused by a head-on collision on the Frisco railroad near Kellyville, Okla., last Friday night, had escaped injury. Mr. Winship was riding on the fifth coach of the passenger or he might have been killed or seriously injured. Mrs. Winship received a telegram Saturday that he was all right and a letter this morning explaining the wreck more fully. Twenty-two were reported killed and sixty-five injured Saturday. All of those killed rode in the first coach, Mr. Winship said.

M'CARTY'S STORE DAMAGED

**Blaze Breaks Out Across Street
From Fire Department**

Fire did considerable damage this afternoon between 2 and 3 o'clock to the G. P. McCarty wall paper and paint store directly across the street from the fire department. The fire started when a can of paint sitting near a small gas heater exploded. The greatest damage was from water. Mr. McCarty keeps his paper stock back of the sales room and it was not damaged. Mr. McCarty allowed his insurance to expire recently and had not renewed it. Mr. McCarty was making out a deposit slip when the fire broke out and abandoned his money at his desk, but recovered it after the fire.

MONEY PLEDGED TO LIFT CHURCH'S DEBT

**Sum of \$2,208.75 is Promised at
Rededication of Manila Chris-
tian Edifice Sunday**

PAYS FOR THE IMPROVEMENTS

At the rededication of the Manila Christian church yesterday sufficient money was pledged to place the church out of debt on the extensive improvements recently made and giving enough of a balance to buy new seats for the church. A total of \$2,208.75 was pledged at the services yesterday. The rededication services were attended by a large crowd. Sermons were preached by the pastor, the Rev. Edward E. Kuhn and the Rev. Mr. Coppel of Indianapolis.

The church is practically new since the improvements were made. The floor has been re-elevated, the church papered and painted, a basement built and furnace installed and electric lights added to the equipment. The cost of the improvements was close to \$3,500 and with a balance on hands the amount raised yesterday will place the church out of debt and leave sufficient money to buy new seats. At noon a basket dinner was served in the church. Several people from here attended the services.

DELAY IN SHIPMENT ALLEGED IN 2 CASES

**W. A. Alexander and Milroy Stock
Co. Bring Suits Against C. I.
& W. And Big Four**

\$319 IN ONE; \$125 IN OTHER

Two suits growing out of the alleged failure promptly to transport and deliver shipments of hogs have been filed in the circuit court. William A. Alexander demands \$319 from the Cincinnati, Indianapolis and Western railroad, and Samuel W. Matthews and Jesse L. Booth, doing business under the firm name of the Milroy Stock company, ask \$125 from the Big Four.

Mr. Alexander alleges that on Aug. 20 he shipped 142 head of hogs and two calves over the C. I. & W. to Cincinnati and instead of arriving in twelve hours it required 18 hours to make the delivery and claims as a result that he lost in shrinkage. He alleges negligence.

The Milroy Stock Company's complaint is similar and also alleges a delay in obtaining cars. It is alleged that it took five days to get a car set off at Milroy and in the meantime the hogs lost in weight.

TWO AIRSHIPS PASS OVER CITY

**Doubtless Driven by Student Avia-
tors From Camp Wright Near
Dayton, Ohio**

SEEN BY FEW PEOPLE SUNDAY

**Machines All Flying Low so That
They Were Easily Distinguish-
ed by Local People**

Earlier predictions that students aviators in training at Camp Wright near Dayton, O., would pass over Rushville in trial flights have been proved to be true, because two airplanes flew over this city near the north corporation line Sunday. They were both traveling in an easterly direction.

All were flying low and could be easily distinguished. They were not seen by many people, but those living in the vicinity where the airships passed were attracted by the noise of the engines. So far as could be learned no one saw any distinguishing mark except U. S. A. on the lower plane to show they were from Camp Wright, but they doubtless were because trial flights are being made between the aviation training school and Indianapolis by way of the National Road.

Mrs. Will C. Smith, 1208 North Main street, saw the first one about ten minutes to twelve. She says it was flying very low and that she could easily see parts of the machine. Mrs. Smith, however, did not notice the aviator. Mrs. Smith hurried to the homes of neighbors to tell them. Mr. and Mrs. Lon Kennedy and Mr. and Mrs. Fred Wilson, both living in Perkins street back of the Smith home, saw the machine.

Cary Jackson, living across the street from Dr. Smith, saw a machine at two o'clock. He likewise was attracted by the noise, which shows that the aviator was flying very low. As far as could be learned, no one else saw this machine.

Carl Carter, 122 East Eighth who together with some other men, was working in a garden in the Belmont addition near the northern corporation line, saw the first machine, about three o'clock.

Louis Mosier who was with Mr. Carter saw a piece of paper falling and presumed that it had been thrown from an automobile. He glanced toward the road and saw no machine. He then looked up in the direction from whence the paper was coming and saw the aeroplane. It was painted white and on the bottom of the lower plane was plainly distinguishable, "U. S. A." Mr. Mosier says that two aviators were riding in the machine.

It was going in a southeasterly direction, almost directly east, but slightly south. The men watched the airship as far as they could see. They said that just before it disappeared from view, it was veering back to the north, but was still headed in an easterly direction.

Landing places for the student aviators were established along the National Road several weeks ago. One landing place is on a Rush county farm which borders on the National Road. When the trial flights were started, it was stated in some quarters that the student aviators would not stay exactly on the route, but that they would deviate from the course.

FINED FOR ASSAULT

William Stevens was fined \$1 and costs this morning in police court on a charge of assault and battery. The affidavit was filed by his wife, Emma Stevens. He pleaded guilty to the charge and paid his fine.

One of the large brass door knobs on the door leading into the women's toilet room at the court house was stolen Saturday. Custodian Buckner believes he knows who took it and some action is expected.

INCREMENT TO BE GIVEN "SEND OFF"

**Plans Under Way to Escort Draft-
ed Men to Depot Friday Morn-
ing With Band**

MOVEMENTS THROUGH HERE

**Same as Last Month Only Number
is Smaller—Local Men to Ap-
peal to President**

Preparations were under way today to give the fourteen men from this county leaving for Camp Taylor Friday morning a "send off" similar to that given the second increment which left on the morning of Sept. 21. It is planned to have the band out and lead the parade from the court house to the Pennsylvania depot. Preparations are being started in plenty of time to insure a large crowd. The last time the arrangements were hastily made, but even at that a crowd was on hand, composed mostly of city people.

The program to be followed will be similar to that on the other occasion. The number of men is just half as large as that leaving here Sept. 21, but the men back of the movement believe the people should show their appreciation regardless of the number.

The troop movement through the city Friday and Saturday will be similar to that two weeks ago. The only difference in the movement is that the number of men passing through here will be just half as large as two weeks ago.

On the day that the 14 local men leave a special train from Newcastle over the Lake Erie will be transferred to the Big Four here for the trip on south to Camp Taylor. This train will carry men from Newcastle, Muncie and Fort Wayne and is due to arrive here at 2:50 o'clock. On the first occasion the train was late and arrived here at 4:30 o'clock.

On the following day the men from Connersville, Liberty and Irvington will be brought here over the C. I. & W. and will eat dinner here. The men will probably be fed at the First Baptist church as on Sept. 23. This group of men his time will number 88 as compared to 170 on the first occasion.

Tentative arrangements call for the band meeting these trains and escorting the men to the church. After dinner a parade will form and the men will be taken to the Big Four where a special train from the north will convey them south to Louisville. In this increment will be 23 men from Connersville, 11 from Liberty and 54 from Irvington.

Two weeks ago the men from these cities were loud in their praise for the treatment received in Rushville and local citizens are determined to uphold their reputation.

No change has been received here on the number of men to be sent next Friday and the first order for 14 men still stands. It was brought to the attention of the local board this morning that several of the men denied exemption by the district board were preparing to appeal their cases to the president. This will in no way effect the sending of the men to Louisville as the board cannot wait until the appeals are acted upon.

The men have no appeals on decisions regarding dependents and the only grounds for appeals are on occupational grounds. If the board filled the places of men who have appealed to the president there is a possibility of sending someone to Camp Taylor who is not entitled to go in the county's quota and for this reason all of the men receiving notice to go Friday will have to go, and if their claims are acted on favorably then they can be released from the camp.

—Mr. and Mrs. George W. Thomas motored to Manila Sunday where they attended the rededication of the Christian church.

DRIVE FOR SECOND LIBERTY LOAN ON

**Bankers Do Not Know County Quota
But Are Assured All Will Get
Amount of Subscription**

BANKS TO REPORT EACH DAY

**Each Receives 27 Cards On Which

Aggregate Sold.**

\$11,000,000 SUBSCRIBED

New York, Oct. 1.—Subscriptions to the new Liberty Loan totalling \$11,000,000 were announced here shortly after the opening of the banks today. The first million dollar subscription came from Bernard Scholls and Company. Kuhn, Loeb and Company subscribed for \$10,000,000.

McADOO OPENS DRIVE

(By United Press.)

Cleveland, O., Oct. 1.—As-sailing bitterly "both well meaning but misguided people who talk inopportunities of peace," Secretary of the Treasury McAdoo today launched the second campaign for America's second great Liberty Loan.

The drive from the Second Liberty Loan of 1917 was under way here today, as it was in every portion of the United States.

The Rush county bankers association in charge has not been informed what the county quota is, but it is assured that everyone who buys a bond this time will get it. The first loan was oversubscribed and the issue was prorated among the subscribers.

The present issue is for \$3,000,000,000 convertible four per cent bonds, although if applications exceed this amount, the secretary of the treasury reserves the right to allot up to one-half of all subscriptions in excess of the \$3,000,000,000 offering.

Every bank in the county has received twenty-seven cards, one for each day of the campaign, on which they are to report to the seventh district federal reserve bank in Chicago. Each bank has a serial number, which is printed on the cards. The banks are instructed to send in a card each day, regardless of whether they had any subscriptions. These reports will give the number of bonds and the aggregate amount.

As a proof of the kind of investments Liberty Bonds are, bankers today cited the fact that bonds of the first issue are now selling above par. The first issue bore three and a half per cent interest, but since the second issue is four per cent, these of the first issue automatically become four per cent. Interest is paid semi-annually.

The bankers organization has received a number of attractive posters to advertise the campaign. Some have been displayed in windows here and others have been sent to Manila and Milroy. Posters will be distributed at other points in the county when they arrive.

One shows the picture of a little boy and girl with the inscription: "Our daddy is fighting at the front for you. Back him up—buy a U. S. government bond of the Second Liberty Loan of 1917." Another pictures the statue of Liberty with a background, at once representing a sunset and the Stars and Stripes. The lettering under the picture says: "BEFORE SUNSET, buy a U. S. government bond of the Second Liberty Loan of 1917." There are many other attractive posters, one a picture of a soldier and a sailor and another a large drawing of Uncle Sam with his hand extended, and in the background thousands of troops marching. Uncle Sam is saying: "Shall we be more tender with our

BOARD AWARDS CONTRACTS

The county commissioners this
afternoon awarded the contracts for
the repair of two bridges and one
new structure. The Burke Construc-
tion company was given the repair
of the McMillin bridge for \$1,084
and Lawrence and Ennis will repair
the Sullivan bridge for \$1,087. The
Burke firm will build the new bridge
in Carthage for \$2,000. Supplies
for the poor farm were awarded as
follows: Weeks, meats; Havens and
Son, groceries and the Manzy Co.,
shoes and dry goods. The usual
claims were allowed this morning.

BOONE THORPE DIES

Marion (Boone) Thorpe, sent
from this city to the asylum at
Madison in 1913, died there yester-
day according to word received by
county officials today. Thorpe has
no relatives here, but a brother is
believed to reside in Muncie. It is
not known where burial will take
place as the asylum officials were
trying to locate his relatives today.
Thorpe was about 45 years old.

MANY BIDS ON MILL

Several bids were received today
on the Enterprise Milling company
of Milroy, which was to be sold to
the highest bidder, and late this af-
ternoon it was not determined to
whom the mill would be awarded.
John W. Anderson is trustee of the
concern, the former owner of which
was thrown into involuntary bank-
ruptcy.

Miss Marian McMillin, who was
graduated from Indiana university
last spring, has been employed by
the extension department of Purdue
university and will be stationed at
some large county seat city in Indi-
ana working on food conservation in
connection with the county agricul-
ture agent. She went to Lafayette
today to report for duty and will be
assigned to a territory. Twenty
such demonstrators have been em-
ployed and will be paid with funds
appropriated by congress in a bill
recently passed.

SHIP YARD WORKERS STRIKE

Ten Thousand Men Walk Out at
Seattle, Washington

(By United Press.)

Seattle, Wash., Oct. 1.—Ten
thousand ship yard workers and
metal workers in shops doing con-
tract work for ship yards have gone
on a strike here. Eleventh hour
attempts to avert the strike failed.
The men have walked out in 96
yards and shops. Agreement to
pay the men the increase scale was
signed last week by 16 yards and
shops employing 2,500 men while
the Skinner and Eddy yards, the
largest steel yard in the city, em-
ploying 4,000 men signed the agree-
ment some weeks ago.

opposed war measures.

London, Oct. 1.—Although nine
persons were killed and 42 injured
in last night's air raid over England
—the fifth within the week—defend-
ers brought down a hostile machine
at Dover, and London is absolutely
unfettered today. The official state-
ment of casualties today showed
that the raids are losing their effi-
ciency even in murdering civilians.

New Orleans, La., Oct. 1.—Thirty-
two houses were destroyed on Dau-
phine Island where Fort Gaines is
located, scores of boats are ashore
bottom up, two dozen small craft
were sunk off the Atlantic coast
and much damage done to the gov-
ernment port at Ft. Morgan, the re-
sult of Friday's hurricane sweeping
the gulf coast, according to the first
direct information reaching here to-
day, from Fort Morgan. No casu-
alties were reported.

Uric Acid Poisoning!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric at any drug store and get relief from the pain and ills brought about by uric acid; or send Dr. Pierce 10c. for trial pkg. Anuric which you will find many times more potent than lithia and eliminates uric acid almost as hot water melts sugar. A short trial will convince you.

Anuric is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints.

OLD-TIME REMEDY MAKES BLOOD PURE.

Elkhart, Ind.—“When I was a girl just coming into womanhood I suffered greatly. I became weak and nervous, in fact, all run-down in health. In addition to this I had a breaking-out all over my body. At times it would act like eczema and then again it seemed that it was scrofula. I could not get anything that did me any good until my mother began giving me Dr. Pierce's Favorite Prescription and his Golden Medical Discovery. They proved to be just what I needed as I have never had any more womanly trouble, and they also cured me of the breaking-out on my body. I cannot say enough in praise of Dr. Pierce's medicines since they did so much for me.”—Mrs. GEO. FLENNER, 403 E. Jackson St.

German Standards

Reasons for the attitude of the German-American of Elwood, in a his own real Americanism, expressions as virile as any which have been spoken since the war began, were given by Herman Willke, a German-American of Elwood, in a speech at Fort Wayne the other night. He alluded to the fact that he has two sons in the army and one in the navy. One of them is Wendell Willke, who visits here frequently and who spoke at a patriotic meeting at the First Presbyterian church a week ago Sunday night. Mr. Willke's speech was so full of good American sentiment that it invites quotation. He spoke in part:

“I know Germany. I was born there. I went to school in the fatherland, and let me tell you, my good German friends here tonight, if you are in the audience, that you do not know what you are talking about when you support German autocracy. If you are honest about it you will say that you and your fathers fled from Germany just as mine did, to escape military tyranny. I know Prussianism. You may have been born elsewhere in the empire, but the brutal iron heel of the government that has drenched this whole world in its war for world power was the same power that made every German who had a little cottage or mud hut, no matter how poor he was, to board a German soldier free of charge. That soldier was the autocrat in that home. His word was law. If he punished a child or knocked him from the chair to the floor, the father must smile. To resent the action of the brutal guest, who must have the best of everything in that house, was to bring dire punishment upon the head of that family. There was a filled knapsack hanging upon the wall and a loaded gun in the corner, and when a call of war did come, that soldier, with 150 others, knew just where to run in order to form a company ready for immediate service. That is a type of the German organization for you. What I have said cannot be denied.

“Let me tell you something else. I have been asked so many times how can the German people, who are generally so peaceful, have changed into such murderers. I tell you that for years and years there has not been a minister standing in the pulpits of Germany but what has been selected by the government. Approved by the powers, he has never preached to the people without combining the name of Kaiser Wilhelm with God Almighty. The people have had it preached to them. It became a part of their religion. God are inseparably connected. I tell is a part of their very training as well, for not a school teacher or instructor in the schools of the fatherland but what is there subject to the approval of the imperial German government, and not a session is held but what the children are taught that Germany must lead the world, that their kaiser and their God are inseparably connected I tell you that the German people have had so much of this doctrine soaked into them by this constant effort that they really believe what has been taught, and cannot escape

ALL SHIP BUILDING PLANTS ARE REOPENED

Industries in San Francisco Bay, Paralyzed For Two Weeks Is Started Again

WAGE AGREEMENT REACHED

(By United Press.)
San Francisco, Cal., Oct. 1.—All ship building plants in San Francisco bay have reopened after having been closed for two weeks by a strike of 25,000 men of the Iron Trades council.

The 17 unions comprising the council have voted to accept the temporary wage agreement reached early last week with the exception of the boiler makers. At a conference last night the employers agreed to reopen the plants and permit all strikers to return to work.

A statement issued by the military authorities commenting on the gravity of the situation said:

“Any delay in the ship building favors our enemy, the German nation and delays and obstructs the termination of the war.”

Marriage Licenses
Issued 50 Years Ago

A marriage license was issued fifty years ago yesterday to Elizabeth Higdon and John W. Slain and they were married October 2 following by James McCaw.

A license was procured the same day by Ellen Moore and George M. Culver and they were married on October 3, 1867 by the Rev. Benjamin F. Reeve.

from the virus.

“My mother carried me here in her arms. She knew what military tyranny was, for she suffered until we came to the land of the free to live under the God-given stars and stripes. Often have I heard her say in heart-broken anguish over the safety of her brothers who fought in the German legions, ‘O why is it necessary for a people to fight and keep great armies when all could be so happy?’ Her brothers were killed in battle, but our love went out to this great country of freedom which has blessed the world and which is ours today. How happy she would be were she only here now to know that three sturdy grandsons are in the service ready to follow Old Glory to a greater sphere of freedom than the world has ever known. They have taken a solemn vow to follow our flag until it floats in triumph over Dresden, if need be. And their march, my friends, won't be the march of the Germans through Belgium, with its crimes, and its blood, and its tears, for they will say to the German people, ‘Come, my brother, into the enjoyment of the fruits of a great freedom of a world democracy that knows no divine right of kings and that shall mean for all peace and happiness. We come not to rob you of your land, or your money, or to enslave you, but to bring you in larger measure that message which the angels sang on the night the dear Jesus was born in old Judea, ‘Peace on earth good will to men.’”

Retail food prices declined four per cent during the month ending July 15. That's what the United State bureau of labor statistics reports, but the point is, had you noticed it? Potatoes decreased 33 per cent on the average, which was very nice of the potatoes.

British casualties for a week during a recent drive were 25,000. Although the public has never been informed on the subject, it is doubtful if the United States has any more than that number of men in France with Pershing. We have been at war almost six months, so it is not difficult to see what a mammoth task lies before the United States.

DRIVE FOR SECOND LIBERTY LOAN STARTS

Continued From Page 1

dollars than with the lives of our sons?"

A statement by W. G. McAdoo, secretary of the treasury, was given out at Washington today, formally opening the campaign. At the very outset he set forth the purpose of the loan as follows:

"Equipping with arms, clothing and food our gallant soldiers who have been called to the field;

"Maintaining our Navy and our valiant tars upon the high seas;

"Providing the necessary means to pay the wages of our soldiers and sailors and, if the bill now pending in congress passes, the monthly allowances for the support of their dependent families and to supply them with life insurance;

"Constructing a great fleet of merchant vessels to maintain the line of communication with our brave troops in France, and to keep our commerce afloat upon the high seas in defiance of the German Kaiser and his submarines;

"Creating a great fleet of aeroplanes, which will give complete supremacy in the air to the United States and the brave nations fighting with us against the German military menace; and for other necessary war purposes."

He continues as follows:

"The Congress of the United States has authorized the Secretary of the Treasury to sell to the American people bonds of the United States bearing four per cent interest, with valuable tax exemptions, and convertible under certain conditions into other issues of United States bonds that may be authorized by the congress. The official circular of the Treasury Department gives full details.

"There is now offered to the American people a new issue of \$3,000,000,000 of bonds to be known as the Second Liberty Loan. They will be issued in such denominations and upon such terms that every patriotic citizen will have an opportunity to assist the Government by lending his money upon the security of a United States Government bond.

"It is essential to the success of the war and to the support of our gallant troops that these loans shall not only be subscribed, but over subscribed. No one is asked to donate or give his money to the Government; but everyone is asked to lend his money to the Government. The loans will be repaid in full with interest at the rate of four per cent per annum. A Government bond is the safest investment in the world; it is as good as currency and yet better, because the Government bond bears interest and currency does not. No other investment compares with it for safety, ready convertibility into cash, and unquestioned availability as collateral security for loans in any bank in the United States.

"People by thousands ask the Treasury constantly how they can help the Government in this war. Through the purchase of Liberty Bonds everyone can help. No more patriotic duty can be performed by those who cannot actually fight upon the field of battle than to furnish the Government with the necessary money to enable it to give our brave soldiers and sailors all that they require to make them strong for the fight and capable of winning a swift victory over our enemies.

"We fight, first of all, for America's vital rights, the right to the unmolested and unobstructed use of the high seas, so that the surplus products of our farms, our mines and our factories may be carried into the harbors of every friendly nation in the world. Our welfare and prosperity as a people depend upon our right of peaceful intercourse with all the nations of the earth. To abandon these rights by withdrawing our ships and commerce from the seas upon the order of a military despot in Europe would destroy prosperity and bring disaster and humiliation upon the American people.

"We fight to protect our citizens against assassinations and murder upon the high seas while in the peaceful exercise of those rights demanded by international law and every instinct and dictate of humanity.

"We fight to preserve our democratic institutions and our sovereignty as a nation against the menace of a powerful and ruthless military autocracy headed by the German Kaiser, whose ambition is to dominate the world.

"We fight also for the noble ideal of universal democracy and liberty,

Rushville company's team is one of twelve teams in the new league organized by the Y. M. C. A. to include the 12 best aggregations of players among the soldiers at Camp Shelby. The winner will receive a pennant and a purse of \$60.

The first game of the series was played on the Hattiesburg diamond Tuesday afternoon when the Rushville sluggers defeated the crack team of the 150th Infantry by a score of 11 to 9. The 150th Infantry, until recently known as the Second West Virginia, boasted only two defeats out of 51 games played during the last 18 months and were known as the champions of the Mexican border last summer. Captain Kiplinger's men may be pardoned if they feel a trifle cocked up over their victory. The next game will be played with Company B of the Second Indiana Infantry.

The Rushville team has the following men on its lineup:

Robert Conway, Carl Peters, W. A. F. Peters, Henry Peters, Elmer Hendricks, Jones L. Scott, Elmer Thorp, Donald Newman, Jess Taylor, Roy Oakley, Julius Myers, Fred Smith and Hielie Robeson.

here. William Peters, of Connorsville, professional wrestler before his enlistment, has won three matches put on under the auspices of the Y. M. C. A. He has now challenged all comers for the Camp Shelby's wrestling title. In Baseball Company B bids fair to more than hold its own against any organization on the reservation. The

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. The small box costs 25c. All druggists.

A Safe Test

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Rushville people.

Mrs. Lizzie Boren, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying in passage and the trouble kept getting worse. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better.

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boren had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

NINE NEW CASES OF DIPHTHERIA IN CITY

Are Reported to City Health Board in a Week, Bringing Total up to Fourteen

EPIDEMIC NOT FEARED NOW

Nine new cases of diphtheria were reported to the city health board last week, bringing the total number of cases up to fourteen. For the most part the epidemic has been confined to one of the schools and the physicians are hopeful against a general spread of the disease. Diphtheria was prevalent before the opening of school and for this reason a severe epidemic is not feared. Physicians say the number of cases is not alarming and point out that there have been this number of cases here before without causing undue alarm.

New cases reported in the last week include Gertrude Snodgrass, daughter of Mr. and Mrs. L. C. Snodgrass, Miss Hazel Stoops, Anna Woods, Nellie Woods and Iva Woods, daughters of Mattie Woods, Clifford Wood, son of Emma Woods, Clifford Beard, son of William Beard, Eva Carr, daughter of Joe Carr and Estelle Levi, son of Harry Levi.

Elmer E. Alexander Given \$600 Judgment Against Estate of Leander Veatch

DAMAGE SUIT COMPROMISED

By agreement of the parties Elmer E. Alexander was given a judgment for \$600 today in circuit court against the estate of the late Leander Veatch. Mr. Alexander demanded \$983.10 on a claim. The jury was called this morning to hear the case and when an agreement was in sight the jury was set aside until this afternoon. In the meantime the agreement was reached and the jury discharged.

Judge Sparks heard an argument today in the case of Alex Porter and others against the Decatur county commissioners involving the payment for a highway through the city of Greensburg. The case was sent here from Bartholomew county.

The \$15,000 damage suit of Sarah Ludlow against the Indianapolis Traction and Terminal company, scheduled for Wednesday has been compromised and dismissed. A special venire of ten men had been called to serve in this case. It was not given out as to how much Mrs. Ludlow received.

P. A. Miller has sold his farm of 212 acres southwest of the city to Leslie Brown for \$165 an acre. The consideration was about \$35,000.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

BULLETIN

Hattiesburg, Miss., Oct. 1.—The Fourth Indiana regiment today became the 139th heavy field artillery, Col. Robert L. Moorehead and staff remaining chiefs of the units. The headquarters company was placed in charge of Capt. John Kiplinger of Rushville, and Capt. E. E. Chenoweth of Winchester, who was former head of the headquarters company becomes regimental adjutant. This is a promotion for Capt. Kiplinger. Twenty-five men of Company B, recruited at Rushville, Ind., were taken along with Capt. Kiplinger to the headquarters company. First Lieutenant Blackledge was assigned to Battery A, composed of what were formerly Company A of Decatur and Co. B of Rushville. The regimental infirmary of the old Fourth, which was the sanitary detachment recruited at Rushville, Ind., has been transferred bodily to the new 139th Heavy Field Artillery. It will still be commanded by Maj. N. A. Cary of Crawfordsville, Ind.

(By P. B. STAPP)
(Special to the Daily Republican.)
Camp Shelby, Miss., Oct. 1.—Company A, of Decatur, Ind., was consolidated today with Company B of Rushville, Ind., of the old Fourth Indiana Infantry, to form a battery of the new 63rd Field Artillery Brigade, 139th regiment. There will be two hundred and twenty-eight men in the battery and the surplus from the two companies will be transferred to other units. The 139th regiment will consist of seventeen hundred men, on a sixteen hundred basis, mules and six batteries of six-inch Howitzers when filled.

Camp Shelby, Miss., Sept. 27.—(By Mail)—Just in time to be roused from its slumbers by the claxon call of the bugle in front of Brigadier General Lewis' headquarters, the first section bearing the first battalion of the Fourth Indiana rolled into Camp Shelby this morning. The men detrained immediately and marched at once to the artillery camp where they were warmly welcomed by Company B of Rushville, Indiana, the advance company of the Fourth Regiment which has been at Camp Shelby since August 22. The train bearing the second section arrived at 8 o'clock. The third section was slightly delayed and was not expected until late tonight. The newcomers found their camp site already prepared for them. For the past week Captain Kiplinger's men have worked like beavers in order to have everything in readiness for their comrades who have been at Fort Harrison for the past six weeks. Company streets had been built, an elaborate system of drainage constructed and the grounds thoroughly groomed by the Rushville boys so that the newcomers had but

little to do but pitch their tents. It was a day of reunion. There was not one of the companies but had friends in Company B and scores of the newcomers as soon as they were settled in their new quarters sought out their old cronies and besieged them with questions on the camp and everything that pertained to it. Mike McCoy, first sergeant of Company B, seemed to be made the target for the rapid fire inquiries of most of the men of the sanitary detachment from Rushville who arrived on the first section. The sanitary detachment was broken up into three divisions for the trip down here. Captain McClelland's men were the first to arrive. They got on the job immediately and in the morning, for the first time since their arrival in Camp Shelby the men of Company B can answer sick call and be treated by Indiana doctors. This will prove quite a boon as Captain Kiplinger has had to send the ailing ones requiring medical attention each day over to the Kentucky camp which is half a mile distant. Company B has been an unusually healthy lot having but few men on sick call each day and there usually only for minor ailments. They have rapidly become acclimated and today when the lads from Fort Harrison fresh from the cool fall weather of the north complained of the heat they were told by the Rushville boys that it was an extraordinarily "cool" day.

Company B has achieved quite a reputation in athletics since coming

WILLIAM SERIGHT, 94 DIES AT MIDNIGHT

First White Child Born in Anderson
Township Expires at His Home
in Milroy

HIS MEMORY ALWAYS CLEAR

William Seright, 94 years old, known as the first white child born in Anderson township, died last midnight at his home in Milroy from senility and a complication of diseases. He had been critically ill for some time and death was expected. Mr. Seright had lived in Milroy and Anderson township all his life. His parents settled just south of Milroy and when the country was nothing but a wilderness. He was the first white child born in the township.

For several years he has made his home in Milroy. Mr. Seright always enjoyed telling of his experiences in the early days and his clear memory of these events added interest to their recital. His wife died about a year ago. He is survived by two grandchildren and three great grandchildren. The funeral arrangements have not been completed.

Mrs. Albert Winship has received word that her husband, who was in the wreck caused by a head-on collision on the Frisco railroad near Kellyville, Okla., last Friday night, had escaped injury. Mr. Winship was riding on the fifth coach of the passenger or he might have been killed or seriously injured. Mrs. Winship received a telegram Saturday that he was all right and a letter this morning explaining the wreck more fully. Twenty-two were reported killed and sixty-five injured Saturday. All of those killed rode in the first coach. Mr. Winship said.

M'CARTY'S STORE DAMAGED

Blaze Breaks Out Across Street
From Fire Department

Fire did considerable damage this afternoon between 2 and 3 o'clock to the G. P. McCarty wall paper and paint store directly across the street from the fire department. The fire started when a can of paint sitting near a small gas heater exploded. The greatest damage was from water. Mr. McCarty keeps his paper stock back of the sales room and it was not damaged. Mr. McCarty allowed his insurance to expire recently and had not renewed it. Mr. McCarty was making out a deposit slip when the fire broke out and abandoned his money at his desk, but recovered it after the fire.

MONEY PLEDGED TO LIFT CHURCH'S DEBT

Sum of \$2,208.75 is Promised at
Rededication of Manilla Chris-
tian Edifice Sunday

PAYS FOR THE IMPROVEMENTS

At the rededication of the Manilla Christian church yesterday sufficient money was pledged to place the church out of debt on the extensive improvements recently made and giving enough of a balance to buy new seats for the church. A total of \$2,208.75 was pledged at the services yesterday. The rededication services were attended by a large crowd. Sermons were preached by the pastor, the Rev. Edward E. Kuhn and the Rev. Mr. Coppel of Indianapolis. The church is practically new since the improvements were made. The floor has been re-elevated, the church papered and painted, a basement built and furnace installed and electric lights added to the equipment. The cost of the improvements was close to \$3,500 and with a balance on hands the amount raised yesterday will place the church out of debt and leave sufficient money to buy new seats. At noon a basket dinner was served in the church. Several people from here attended the services.

DELAY IN SHIPMENT ALLEGED IN 2 CASES

W. A. Alexander and Milroy Stock
Co. Bring Suits Against C. I.
& W. And Big Four

\$319 IN ONE; \$125 IN OTHER

Two suits growing out of the alleged failure promptly to transport and deliver shipments of hogs have been filed in the circuit court. William A. Alexander demands \$319 from the Cincinnati, Indianapolis and Western railroad, and Samuel W. Matthews and Jesse L. Booth, doing business under the firm name of the Milroy Stock company, ask \$125 from the Big Four.

Mr. Alexander alleges that on Aug. 20 he shipped 142 head of hogs and two calves over the C. I. & W. to Cincinnati and instead of arriving in twelve hours it required 18 hours to make the delivery and claims as a result that he lost in shrinkage. He alleges negligence. The Milroy Stock Company's complaint is similar and also alleges a delay in obtaining cars. It is alleged that it took five days to get a car set off at Milroy and in the meantime the hogs lost in weight.

Machines All Flying Low so That
They Were Easily Distinguish-
ed by Local People

Earlier predictions that students aviators in training at Camp Wright near Dayton, O., would pass over Rushville in trial flights have been proved to be true, because two airplanes flew over this city near the north corporation line Sunday. They were both traveling in an easterly direction.

All were flying low and could be easily distinguished. They were not seen by many people, but those living in the vicinity where the airships passed were attracted by the noise of the engines. So far as could be learned no one saw any distinguishing mark except U. S. A. on the lower plane to show they were from Camp Wright, but they doubtless were because trial flights are being made between the aviation training school and Indianapolis by way of the National Road.

Mrs. Will C. Smith, 1208 North Main street, saw the first one about ten minutes to twelve. She says it was flying very low and that she could easily see parts of the machine. Mrs. Smith, however, did not notice the aviator. Mrs. Smith hurried to the homes of neighbors to tell them. Mr. and Mrs. Lon Kennedy and Mr. and Mrs. Fred Wilson, both living in Perkins street back of the Smith home, saw the machine.

Cary Jackson, living across the street from Dr. Smith, saw a machine at two o'clock. He likewise was attracted by the noise, which shows that the aviator was flying very low. As far as could be learned, no one else saw this machine.

Carl Carter, 122 East Eighth who together with some other men, was working in a garden in the Belmont addition near the northern corporation line, saw the first machine about three o'clock.

Louis Mosier who was with Mr. Carter saw a piece of paper falling and presumed that it had been thrown from an automobile. He glanced toward the road and saw no machine. He then looked up in the direction from whence the paper was coming and saw the aeroplane. It was pointed white and on the bottom of the lower plane was plainly distinguishable, "U. S. A." Mr. Mosier says that two aviators were riding in the machine.

It was going in a southeasterly direction, almost directly east, but slightly south. The men watched the airship as far as they could see. They said that just before it disappeared from view, it was veering back to the north, but was still headed in an easterly direction.

Landing places for the student aviators were established along the National Road several weeks ago. One landing place is on a Rush county farm which borders on the National Road. When the trial flights were started, it was stated in some quarters that the student aviators would not stay exactly on the route, but that they would deviate from the course.

FINED FOR ASSAULT

William Stevens was fined \$1 and costs this morning in police court on a charge of assault and battery. The affidavit was filed by his wife, Emma Stevens. He pleaded guilty to the charge and paid his fine.

One of the large brass door knobs on the door leading into the women's toilet room at the court house was stolen Saturday. Custodian Buckner believes he knows who took it and some action is expected.

INCREMENT TO BE GIVEN "SEND OFF"

Plans Under Way to Escort Draft-
ed Men to Depot Friday Morn-
ing With Band

MOVEMENTS THROUGH HERE

Same as Last Month Only Number
is Smaller—Local Men to Ap-
peal to President

Preparations were under way today to give the fourteen men from this county leaving for Camp Taylor Friday morning a "send off" similar to that given the second increment which left on the morning of Sept. 21. It is planned to have the band out and lead the parade from the court house to the Pennsylvania depot. Preparations are being started in plenty of time to insure a large crowd. The last time the arrangements were hastily made, but even that a crowd was on hand, composed mostly of city people.

The program to be followed will be similar to that on the other occasion. The number of men is just half as large as that leaving here Sept. 21, but the men back of the movement believe the people should show their appreciation regardless of the number.

The troop movement through the city Friday and Saturday will be similar to that two weeks ago. The only difference in the movement is that the number of men passing through here will be just half as large as two weeks ago.

On the day that the 14 local men leave a special train from Newcastle over the Lake Erie will be transferred to the Big Four here for the trip on south to Camp Taylor. This train will carry men from Newcastle, Muncie and Fort Wayne and is due to arrive here at 2:50 o'clock. On the first occasion the train was late and arrived here at 4:30 o'clock.

On the following day the men from Connersville, Liberty and Irvington will be brought here over the C. I. & W. and will eat dinner here. The men will probably be led at the First Baptist church as on Sept. 22. This group of men this time will number 88 as compared to 170 on the first occasion. Tentative arrangements call for the band meeting these trains and escorting the men to the church. After dinner a parade will form and the men will be taken to the Big Four where a special train from the north will convey them south to Louisville. In this increment will be 23 men from Connersville, 11 from Liberty and 54 from Irvington.

Two weeks ago the men from these cities were loud in their praise for the treatment received in Rushville and local citizens are determined to uphold their reputation.

No change has been received here on the number of men to be sent next Friday and the first order for 14 men still stands. It was brought to the attention of the local board this morning that several of the men denied exemption by the district board were preparing to appeal their cases to the president. This will in no way effect the sending of the men to Louisville as the board cannot wait until the appeals are acted upon.

The men have no appeals on decisions regarding dependents and the only grounds for appeals are on occupational grounds. If the board filled the places of men who have appealed to the president there is a possibility of sending someone to Camp Taylor who is not entitled to go in the county's quota and for this reason all of the men receiving notice to go Friday will have to go, and if their claims are acted on favorably then they can be released from the camp.

DRIVE FOR SECOND LIBERTY LOAN ON

Bankers Do Not Know County Quota
But Are Assured All Will Get
Amount of Subscription

BANKS TO REPORT EACH DAY

Each Receives 27 Cards On Which
to Give Number of Bonds And
Aggregate Sold.

\$11,000,000 SUBSCRIBED

New York, Oct. 1.—Subscriptions to the new Liberty Loan totalling \$11,000,000 were announced here, shortly after the opening of the banks today. The first million dollar subscription came from Bernard Scholls and Company. Kuhn, Loeb and Company subscribed for \$10,000,000.

McADOO OPENS DRIVE

Cleveland, O., Oct. 1.—As-sailing bitterly "both well meaning but misguided people who talk inopportunities of peace," Secretary of the Treasury McAdoo today launched the second campaign for America's second great Liberty Loan.

The drive from the Second Liberty Loan of 1917 was under way here today, as it was in every portion of the United States.

The Rush county bankers association in charge has not been informed what the county quota is, but it is assured that everyone who buys a bond this time will get it. The first loan was oversubscribed and the issue was prorated among the subscribers.

The present issue is for \$3,000,000,000 convertible four per cent bonds, although if applications exceed this amount, the secretary of the treasury reserves the right to allot up to one-half of all subscriptions in excess of the \$3,000,000,000 offering.

Every bank in the county has received twenty-seven cards, one for each day of the campaign, on which they are to report to the seventh district federal reserve bank in Chicago. Each bank has a serial number, which is printed on the cards. The banks are instructed to send in a card each day, regardless of whether they had any subscriptions. These reports will give the number of bonds and the aggregate amount.

As a proof of the kind of investments Liberty Bonds are, bankers today cited the fact that bonds of the first issue are now selling above par. The first issue bore three and a half per cent interest, but since the second issue is four per cent, these of the first issue automatically become four per cent. Interest is paid semi-annually.

The bankers organization has received a number of attractive posters to advertise the campaign. Some have been displayed in windows here and others have been sent to Manilla and Milroy. Posters will be distributed at other points in the county when they arrive.

One shows the picture of a little boy and girl with the inscription: "Our daddy is fighting at the front for you. Back him up—buy a U. S. government bond of the Second Liberty Loan of 1917." Another pictures the statue of Liberty with a background, at once representing a sunset and the Stars and Stripes. The lettering under the picture says: "BEFORE SUNSET, buy a U. S. government bond of the Second Liberty Loan of 1917." There are many other attractive posters, one a picture of a soldier and a sailor and another a large drawing of Uncle Sam with his hand extended, and in the background thousands of troops marching. Uncle Sam is saying: "Shall we be more tender with our

ONE DAY YET TO RAISE FUND

Library Board is Still \$48 Short of
Its Quota of \$245

The Rushville Library war fund was raised to \$197 today by subscriptions made Saturday afternoon and this morning, which is \$48 short of the quota of \$245. The library board has until tomorrow to reach its allotment. Those reported giving a dollar today were: Mrs. Isaac N. Stevens, Lon H. Havens, Mrs. Mary Thomas, Ben F. Reeves, Lennie Land, Ora Logan, Mrs. Fanny Logan, Miss Mary Amos, Mrs. Willard Amos, Owen L. Carr, Mrs. Charles Hugo, John B. Morris, Charles Lamberton and J. A. Leisure.

BOARD AWARDS CONTRACTS

The county commissioners this afternoon awarded the contracts for the repair of two bridges and one new structure. The Burke Construction company was given the repair of the McMillin bridge for \$1,084 and Lawrence and Ennis will repair the Sullivan bridge for \$1,087. The Burke firm will build the new bridge in Carthage for \$2,000. Supplies for the poor farm were awarded as follows: Weeks, meats; Havens and Son, groceries and the Manzy Co., shoes and dry goods. The usual claims were allowed this morning.

BOONE THORPE DIES

Marion (Boone) Thorpe, sent from this city to the asylum at Madison in 1913, died there yesterday according to word received by county officials today. Thorpe has no relatives here, but a brother is believed to reside in Muncie. It is not known where burial will take place as the asylum officials were trying to locate his relatives today. Thorpe was about 45 years old.

MANY BIDS ON MILL

Several bids were received today on the Enterprise Milling company of Milroy, which was to be sold to the highest bidder, and late this afternoon it was not determined to whom the mill would be awarded. John W. Anderson is trustee of the concern, the former owner of which was thrown into involuntary bankruptcy.

Miss Marian McMillin, who was graduated from Indiana university last spring, has been employed by the extension department of Purdue university and will be stationed at some large county seat city in Indiana working on food conservation in connection with the county agriculture agent. She went to Lafayette today to report for duty and will be assigned to a territory. Twenty such demonstrators have been employed and will be paid with funds appropriated by congress in a bill recently passed.

SHIP YARD WORKERS STRIKE

Ten Thousand Men Walk Out at
Seattle, Washington

(By United Press.)

Seattle, Wash., Oct. 1.—Ten thousand ship yard workers and metal workers in shops doing contract work for ship yards have gone on a strike here. Eleventh hour attempts to avert the strike failed. The men have walked out in 96 yards and shops. Agreement to pay the men the increase scale was signed last week by 16 yards and shops employing 2,500 men while the Skinner and Eddy yards, the largest steel yard in the city, employing 4,000 men signed the agreement some weeks ago.

Wire Brevities

Harlan, Ky., Oct. 1.—Poses are scouring this vicinity today for the member of the party which lost two men who were killed in a battle with county officials late Saturday.

Washington, Oct. 1.—The senate committee on privileges and elections will meet Wednesday to take up petitions demanding the ousting of Senators LaFollette, Stone and Gronna. Ten more petitions were presented to the senate today for the removal of senators who have opposed war measures.

London, Oct. 1.—Although nine persons were killed and 42 injured in last night's air raid over England—the fifth within the week—defenders brought down a hostile machine at Dover, and London is absolutely terrified today. The official statement of casualties today showed that the raids are losing their efficiency even in murdering civilians.

New Orleans, La., Oct. 1.—Thirty-two houses were destroyed on Dauphin Island where Port Gaines is located, scores of boats are ashore bottom up, two dozen small craft were sunk off the Atlantic coast and much damage done to the government port at Ft. Morgan, the result of Friday's hurricane sweeping the gulf coast, according to the first direct information reaching here today, from Fort Morgan. No casualties were reported.

War Can't Put These Fellows Out of Business

Going to war is not going to put the Humes-Buell shop out of business by any means because both members of the firm are going to serve their country. It was announced today that E. O. Humes, father of Robert Humes, who will go to Camp Taylor next Friday, would assume charge of the store. Lieutenant Scott Buell, Robert Humes' partner, is already an officer in the artillery section at Camp Taylor.

Uric Acid Poisoning!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric at any drug store and get relief from the pain and ills brought about by uric acid; or send Dr. Pierce 10c. for trial pkg. Anuric which you will find many times more potent than lithia and eliminates uric acid almost as hot water melts sugar. A short trial will convince you.

Anuric is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints.

OLD-TIME REMEDY MAKES BLOOD PURE.

Elkhart, Ind.—"When I was a girl just coming into womanhood I suffered greatly. I became weak and nervous, in fact, all run-down in health. In addition to this I had a breaking-out all over my body. At times it would act like eczema and then again it seemed that it was scrofula. I could not get anything that did me any good until my mother began giving me Dr. Pierce's Favorite Prescription and his Golden Medical Discovery. They proved to be just what I needed as I have never had any more womanly trouble, and they also cured me of the breaking-out on my body. I cannot say enough in praise of Dr. Pierce's medicines since they did so much for me."—Mrs. Geo. FLENNER, 403 E. Jackson St.

German Standards

Reasons for the attitude of the German-American of Elwood, in a his own real Americanism, expressions as virile as any which have been spoken since the war began, were given by Herman Willke, a German-American of Elwood, in a speech at Fort Wayne the other night. He alluded to the fact that he has two sons in the army and one in the navy. One of them is Wendell Willke, who visits here frequently and who spoke at a patriotic meeting at the First Presbyterian church a week ago Sunday night. Mr. Willke's speech was so full of good American sentiment that it invites quotation. He spoke in part:

"I know Germany. I was born there. I went to school in the fatherland, and let me tell you, my good German friends here tonight, if you are in the audience, that you do not know what you are talking about when you support German autocracy. If you are honest about it you will say that you and your fathers fled from Germany just as mine did, to escape military tyranny. I know Prussianism. You may have been born elsewhere in the empire, but the brutal iron heel of the government that has drenched this whole world in its war for world power was the same power that made every German who had a little cottage or mud hut, no matter how poor he was, to board a German soldier free of charge. That soldier was the autocrat in that home. His word was law. If he punished a child or knocked him from the chair to the floor, the father must smile. To resent the action of the brutal guest, who must have the best of everything in that house, was to bring dire punishment upon the head of that family. There was a filled knapsack hanging upon the wall and a loaded gun in the corner, and when a call of war did come, that soldier, with 150 others, knew just where to run in order to form a company ready for immediate service. That is a type of the German organization for you. What I have said cannot be denied.

"Let me tell you something else. I have been asked so many times how can the German people, who are generally so peaceful, have changed into such murderers. I tell you that for years and years there has not been a minister standing in the pulpits of Germany but what has been selected by the government. Approved by the powers, he has never preached to the people without combining the name of Kaiser Wilhelm with God Almighty. The people have had it preached to them. It became a part of their religion. God are inseparably connected. I tell is a part of their very training as well, for not a school teacher or instructor in the schools of the fatherland but what is there subject to the approval of the imperial German government, and not a session is held but what the children are taught that Germany must lead the world, that their kaiser and their God are inseparably connected I tell you that the German people have had so much of this doctrine soaked into them by this constant effort that they really believe what has been taught, and cannot escape

ALL SHIP BUILDING PLANTS ARE REOPENED

Industries in San Francisco Bay, Paralyzed For Two Weeks Is Started Again

WAGE AGREEMENT REACHED

(By United Press.)
San Francisco, Cal., Oct. 1.—All ship building plants in San Francisco bay have reopened after having been closed for two weeks by a strike of 25,000 men of the Iron Trades council.

The 17 unions comprising the council have voted to accept the temporary wage agreement reached early last week with the exception of the boiler makers. At a conference last night the employers agreed to reopen the plants and permit all strikers to return to work.

A statement issued by the military authorities commenting on the gravity of the situation said:

"Any delay in the ship building favors our enemy, the German nation and delays and obstructs the termination of the war."

Marriage Licenses Issued 50 Years Ago

A marriage license was issued fifty years ago yesterday to Elizabeth Higdon and John W. Slain and they were married October 2 following by James McCaw.

A license was procured the same day by Ellen Moore and George M. Culver and they were married on October 3, 1867 by the Rev. Benjamin F. Reeve.

from the virus.
"My mother carried me here in her arms. She knew what military tyranny was, for she suffered until we came to the land of the free to live under the God-given stars and stripes. Often have I heard her say in heart-broken anguish over the safety of her brothers who fought in the German legions. 'O why is it necessary for a people to fight and keep great armies when all could be so happy?' Her brothers were killed in battle, but our love went out to this great country of freedom which has blessed the world and which is ours today. How happy she would be were she only here now to know that three sturdy grandsons are in the service ready to follow Old Glory to a greater sphere of freedom than the world has ever known. They have taken a solemn vow to follow our flag until it floats in triumph over Dresden, if need be. And their march, my friends, won't be the march of the Germans through Belgium, with its crimes, and its blood, and its tears, for they will say to the German people, 'Come, my brother, into the enjoyment of the fruits of a great freedom of a world democracy that knows no divine right of kings and that shall mean for all peace and happiness. We come not to rob you of your land, or your money, or to enslave you, but to bring you in larger measure that message which the angels sang on the night the dear Jesus was born in old Judea, 'Peace on earth good will to men.'"

Retail food prices declined four per cent during the month ending July 15. That's what the United States bureau of labor statistics reports, but the point is, had you noticed it? Potatoes decreased 33 per cent on the average, which was very nice of the potatoes.

British casualties for a week during a recent drive were 25,000. Although the public has never been informed on the subject, it is doubtful if the United States has any more than that number of men in France with Pershing. We have been at war almost six months, so it is not difficult to see what a mammoth task lies before the United States.

DRIVE FOR SECOND LIBERTY LOAN STARTS

Continued From Page 1
dollars than with the lives of our sons?"

A statement by W. G. McAdoo, secretary of the treasury, was given out at Washington today, formally opening the campaign. At the very outset he set forth the purpose of the loan as follows:

"Equipping with arms, clothing and food our gallant soldiers who have been called to the field;

"Maintaining our Navy and our valiant tars upon the high seas;

"Providing the necessary means to pay the wages of our soldiers and sailors and, if the bill now pending in congress passes, the monthly allowances for the support of their dependent families and to supply them with life insurance;

"Constructing a great fleet of merchant vessels to maintain the line of communication with our brave troops in France, and to keep our commerce afloat upon the high seas in defiance of the German Kaiser and his submarines;

"Creating a great fleet of aeroplanes, which will give complete supremacy in the air to the United States and the brave nations fighting with us against the German military menace; and for other necessary war purposes."

He continues as follows:

"The Congress of the United States has authorized the Secretary of the Treasury to sell to the American people bonds of the United States bearing four per cent interest, with valuable tax exemptions, and convertible under certain conditions into other issues of United States bonds that may be authorized by the congress. The official circular of the Treasury Department gives full details.

"There is now offered to the American people a new issue of \$3,000,000,000 of bonds to be known as the Second Liberty Loan. They will be issued in such denominations and upon such terms that every patriotic citizen will have an opportunity to assist the Government by lending his money upon the security of a United States Government bond.

"It is essential to the success of the war and to the support of our gallant troops that these loans shall not only be subscribed, but over-subscribed. No one is asked to donate or give his money to the Government; but everyone is asked to lend his money to the Government. The loans will be repaid in full with interest at the rate of four per cent per annum. A Government bond is the safest investment in the world; it is as good as currency and yet better, because the Government bond bears interest and currency does not. No other investment compares with it for safety, ready convertibility into cash, and unquestioned availability as collateral security for loans in any bank in the United States.

"People by thousands ask the Treasury constantly how they can help the Government in this war. Through the purchase of Liberty Bonds everyone can help. No more patriotic duty can be performed by those who cannot actually fight upon the field of battle than to furnish the Government with the necessary money to enable it to give our brave soldiers and sailors all that they require to make them strong for the fight and capable of winning a swift victory over our enemies.

"We fight, first of all, for America's vital rights, the right to the unmolested and unobstructed use of the high seas, so that the surplus products of our farms, our mines and our factories may be carried into the harbors of every friendly nation in the world. Our welfare and prosperity as a people depend upon our right of peaceful intercourse with all the nations of the earth. To abandon these rights by withdrawing our ships and commerce from the seas upon the order of a military despot in Europe would destroy prosperity and bring disaster and humiliation upon the American people.

"We fight to protect our citizens against assassinations and murder upon the high seas while in the peaceful exercise of those rights demanded by international law and every instinct and dictate of humanity.

"We fight to preserve our democratic institutions and our sovereignty as a nation against the menace of a powerful and ruthless military autocracy headed by the German Kaiser, whose ambition is to dominate the world.

"We fight also for the noble ideal of universal democracy and liberty,

Rushville company's team is one of twelve teams in the new league organized by the Y. M. C. A. to include the 12 best aggregations of players among the soldiers at Camp Shelby. The winner will receive a pennant and a purse of \$60.

The first game of the series was played on the Hattiesburg diamond Tuesday afternoon when the Rushville sluggers defeated the crack team of the 150th Infantry by a score of 11 to 9. The 150th Infantry, until recently known as the Second West Virginia, boasted only two defeats out of 51 games played during the last 18 months and were known as the champions of the Mexican border last summer. Captain Kiplinger's men may be pardoned if they feel a trifle cocked up over their victory. The next game will be played with Company B of the Second Indiana Infantry.

The Rushville team has the following men on its lineup:

Robert Conway, Carl Peters, W. A. F. Peters, Henry Peters, Elmer Hendricks, Jones L. Scott, Elmer Thorp, Donald Newman, Jess Taylor, Roy Oakley, Julius Myers, Fred Smith and Helie Robeson. Here, William Peters, of Connorsville, professional wrestler before his enlistment, has won three matches put on under the auspices of the Y. M. C. A. He has now challenged all comers for the Camp Shelby wrestling title. In Baseball Company B bids fair to more than hold its own against any organization on the reservation. The

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. "You will know them by their olive color."

These tablets are wonder-workers on the liver and bowels, which cause a sprag action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

A Safe Test

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Rushville people.

Mrs. Lizzie Boren, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying in passage and the trouble kept getting worse. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boren had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

NINE NEW CASES OF DIPHTHERIA IN CITY

Are Reported to City Health Board in a Week, Bringing Total up to Fourteen

EPIDEMIC NOT FEARED NOW

Nine new cases of diphtheria were reported to the city health board last week, bringing the total number of cases up to fourteen. For the most part the epidemic has been confined to one of the schools and the physicians are hopeful against a general spread of the disease. Diphtheria was prevalent before the opening of school and for this reason a severe epidemic is not feared. Physicians say the number of cases is not alarming and point out that there have been this number of cases here before without causing undue alarm.

New cases reported in the last week include Gertrude Snodgrass, daughter of Mr. and Mrs. L. C. Snodgrass, Miss Hazel Stoops, Anna Woods, Nellie Woods and Iva Woods, daughters of Mattie Woods, Clifford Wood, son of Emma Woods, Clifford Beard, son of William Beard, Eva Carr, daughter of Joe Carr and Estelle Levi, son of Harry Levi.

AGREEMENT REACHED AND JURY DISMISSED

Elmer E. Alexander Given \$600 Judgment Against Estate of Leander Veatch

DAMAGE SUIT COMPROMISED

By agreement of the parties Elmer E. Alexander was given a judgment for \$600 today in circuit court against the estate of the late Leander Veatch. Mr. Alexander demanded \$983.10 on a claim. The jury was called this morning to hear the case and when an agreement was in sight the jury was set aside until this afternoon. In the meantime the agreement was reached and the jury discharged.

Judge Sparks heard an argument today in the case of Alex Porter and others against the Decatur county commissioners involving the payment for a highway through the city of Greensburg. The case was sent here from Bartholomew county.

The \$15,000 damage suit of Sarah Ludlow against the Indianapolis Traction and Terminal company, scheduled for Wednesday has been compromised and dismissed. A special venire of ten men had been called to serve in this case. It was not given out as to how much Mrs. Ludlow received.

P. A. Miller has sold his farm of 212 acres southwest of the city to Leslie Brown for \$163 an acre. The consideration was about \$35,000.

J. B. Stone of Indianapolis transacted business here today.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
